Students with Disabilities

Galen complies with all state and federal laws concerning individuals with disabilities, and provides reasonable accommodations to individuals with disabilities in accordance with applicable laws. Any applicant or student who wishes to request an accommodation may do so by contacting the Section 504/Title IX Coordinator. Any individual who has a concern about an accommodation, or about discrimination or harassment based on a disability, should report his or her concern using the procedures described in Galen’s “Equal Opportunity, Discrimination, and Harassment” policy. Galen also encourages employees, applicants, and students to notify Galen of any threat to health or safety, including where as a result of an individual's disability there is a "direct threat" as defined by applicable law.

Students eligible to receive disability accommodations are required to review implementation of required accommodations with their course faculty as early in the term as possible. In online courses, students receiving accommodations for quizzes or exams may, at the faculty member’s discretion, be required to test on-ground, in a proctored environment.
